The Batumi Dolphinarium is one of the largest dolphinariums in the world. It features modern architectural design and is equipped with the newest technology, providing opportunities for marine life and offering amazing performances by sea animals.

Batum Botanical Garden have no analogy in the world in a sense that the plants of completely different climatic and landscape zones co-exist here side by side. The Garden represent thousands of plant species of astonishing beauty.

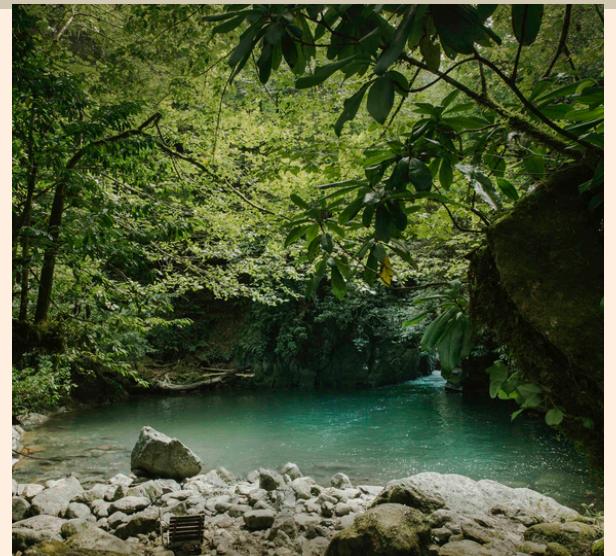

Visitors are always fascinated by 1200 species of Rose.

Gonio Fortress is a witness to three of the world's most powerful and influential empires, having survived the Roman, Byzantine, and Ottoman dominance in the region. This imposing Black Sea fortress is located twelve kilometers from Batumi, and was once one of the main citadels in the region.

Mtirala National Park, nestled in the western part of Georgia, is a lush haven of biodiversity and natural beauty. Its name, which means "crying" in Georgian, alludes to the park's reputation for frequent rainfall. With its stunning landscapes and ecological significance, Mtirala National Park offers a captivating escape into Georgia's wilderness.

Shekvetili Dendrological Park, is a calm environment showcasing a diverse collection of trees and plants. The park's botanical garden features both native and exotic flora. Here you can see African baobabs, which are iconic symbols of the African landscape. These majestic trees are known for their distinct appearance, with thick, swollen trunks that store water, allowing them to survive in arid environments.

Located only 30 km from Batumi city, Machakhela national park is covered with endemic Kolkhic trees and has diverse fauna. The park area is divided by the river Machakhela and contains 3 hiking routes. Some of the cultural highlights of Machakhela are arch bridges and wine presses.

Escape the heat and the crowds and head to Tsikhisdziri beach for a relaxing day in the sun. This beach, located in the Kobuleti municipality, is 25 kilometers from Batumi and 5 kilometers from Kobuleti. The combination of sea and mountain climate makes the resort cooler than other nearby areas during the summer, creating an ideal environment for those looking to escape the heat.
